

TO ARBITRATE ALL LABOR TROUBLES

Northern Indiana and Employees Agree to Submit Any Difficulties Arising to Public Service Commission.

An arbitration agreement covering all the lines of the Chicago, South Bend & Northern Indiana Railway Co., city as well as interurban, was concluded Wednesday between the company and its men, according to information given out by F. P. Hardy, superintendent of transportation for the road.

In case of any disagreement between the employer and its employees, not adjustable within 30 days, Gov. Sam M. Ralston is empowered as a third party to authorize the Indiana public service commission to arbitrate such differences and the award of the agreement shall be binding upon both parties.

The agreement was brought about without any strike, strike trouble, either immediate or remote, the step merely being taken as the result of the lesson drawn from the recent strike unpleasantness at Indianapolis, the termination of which furnishes a precedent for the employment of public service commission in such arbitration capacity.

"We merely took the matter up with our men as they came into the office," said Supt. Hardy, in speaking of the arrangement. "After talking over the situation, the men individually signed their names, all parties agreeing that none of them will engage in any strike, strike violence, boycott, lock-out, or any other offensive measures commonly incident or attributable to labor differences."

No Complaints Made.

"Not a man on the force had any complaint to make against the manner in which he is being treated at the present time," Mr. Hardy concluded. "Every signature was voluntarily put down, without the least sign of force, or intimidation, it being agreed by all concerned that this would be the best and most satisfactory way to settle any troubles that might come up, and that the best time to plan for it is when all is peace, everybody is level-headed and there is freedom of excuse for short practices."

The company's interurban lines extend from Michigan City, through Laporte, South Bend and Elkhart to Goshen, and north from South Bend to St. Joseph, taking in the city lines at Michigan City, South Bend and Elkhart. The understanding practically eliminates all possibility of a street car or interurban strike in this section of the state, unless something of the sort should break out on the south shore.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out. They weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with headache, or dizzy nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delicious effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

MUCH GOLD IS BEING SHIPPED TO CANADA

Money Market Conditions Have a Tendency to Restrict Speculation and Day's Business is Small.

NEW YORK, Nov. 26.—Prices dropped slightly Wednesday, in a dull and narrow stock market. The upward spurt of Tuesday appeared to have exhausted the buying power of the market, which fell back into a condition of stagnation, with small, meaningless fluctuations.

Money market conditions tended to restrict speculation. The heavy outflow of money continued, with large shipments of gold to Canada. The amount engaged for the Dominion Wednesday was \$4,350,000, which brought up the total for the movement to \$10,700,000. For San Francisco, \$500,000 more was reserved, making a total of \$2,400,000. Several influences combined to bring about the large movement of gold to Canada.

Call money rose to five per cent, in response to the outward movement of funds and preparations for interest and dividends payments on Dec. 1. At the close of Nov. last year call money advanced to twenty per cent. Bond prices were irregular. Total sales (par value) \$1,140,000. United States bonds were unchanged on call.

ADVANCE IGNORED BY EUROPEAN MARKETS

Not a Great Deal of Selling Pressure Owing to Thursday Holiday and Wheat Does not Recede Far.

CHICAGO, Nov. 26.—Wheat eased off a little Wednesday, European markets having virtually ignored the recent advances on this side of the Atlantic. Latest prices were steady at a shade to 1-4 net decline. Corn closed unchanged to 1-8@1-4 lower, oats off 1-8 to 1-4 and provisions varying from a setback of 5c to a rise of 2 1-2c.

On account of the holiday Thursday here was not a great deal of selling pressure and wheat values did not recede far. Harvest advices from Argentina were conflicting, dispatches early in the day telling of favorable conditions, but later mentioning rain in the northern districts and referring to a dread of frost.

Wet weather hardened the corn market. Discouraged speculative holders of oats liquidated.

Provisions tightened up after early weakness due to unloading by packers.

A Staple Medicine for Every Family

No Self Respecting Group of People Should be Without a Good Family Laxative.

It is inconceivable in this day of general intelligence that any family would be without a simple remedy for the minor ills of life, for often by giving such a remedy in time a serious disease can be frustrated and a life saved.

For example, if at the first sign of a cold a simple laxative-ionic like Dr. Caldwell's Syrup Pepsin were given, the beginning of a serious lung affection or of a typhoid fever might be avoided. And also in headache, nervousness, etc., a small dose of this remedy would relieve the congestion and replace distress with comfort.

Mothers give it to tiny infants and little children, and grown people take it with equally good effect.

Thousands of good American homes are never without it, among them the home of Mrs. C. A. Wright, 1831 Pasadena av., Long Beach, Cal. She had considerable trouble raising little Lawrence, three years old, but after regulating his bowels with small doses of Dr. Caldwell's Syrup Pepsin he began to thrive and she has had no further trouble with him. They use it generally in her home.

Syrup Pepsin saves the health of the family, and it saves doctor's bills. It is a guaranteed cure for any form of stomach, liver and bowel trouble, constipation, indigestion, biliousness, gas on the stomach, headaches, drowsiness after eating, etc. Have no

hesitancy about giving it to any member of the family, however young or old, for it contains nothing injurious to the youngest person.

A bottle can be obtained at any nearby drug store for fifty cents or one dollar. The latter size is more economical and is bought by those who have already convinced themselves of its merits. Syrup Pepsin users learn to discard pills, salts, cathartics and purgatives generally as they are too great a shock to any average system.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 119 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

FIREMEN DEMAND INCREASE OF PAY

Petition is Filed With Board of Public Safety—Harry Brazy Acquitted of Misbehavior on Election Day.

A petition headed by Chief Grant of the fire department, and signed by a committee of the men, was received by the board of public safety at its meeting Wednesday morning, asking for an increase of salaries. Statistics were furnished from Gary, Ft. Wayne, Evansville and Hammond, to show that the men here are underpaid. The increases asked, are as follows:

Chieffrom \$1,500 to \$1,800
Assistantfrom 1,300 to 1,500
Captainfrom 1,000 to 1,200
Lieutenantfrom 950 to 1,050
Firemenfrom 900 to 1,020

For the lieutenant and the firemen this means an increase of \$10 per month for which the men have asked several times in the past, but without avail. Figures from the other cities mentioned, show the salary lists there to stand as follows:

Fort Evans—Hammond
Gary Wayne ville mon
Chief\$2,100 \$1,800 \$2,000 \$1,800
Assistant1,500 1,500 1,350 1,680
Captain1,320 1,170 1,020 1,320
Lieut.1,140 990 1,060 1,114
Firemen1,030 980 912 1,040

Pres. Williams being absent from the city until Saturday, action on the petition was deferred until Monday when a special meeting will be held to consider the matter.

Aside from this, the acquittal of Harry Brazy of the charges of unseemly behavior on election day, made by Atty. S. B. Pettigill, was the only important action taken by the board at Wednesday's session.

The trouble arose at the voting place of the second precinct of the Third ward. The board heard the evidence at a special meeting held later, and took the matter under advisement.

Brazy denied the charge, and it was rumored at one time that he intended resigning his position on the fire department, of which he is a member, but this will probably not follow now, in view of the verdict of "not guilty" rendered by the board.

New Toys are Arriving Each and Every Day

Santa Claus' headquarters—at Wyman's, receive some new toys from his big shops every day.

Yesterday a new miniature railway train, came rushing into Toyland—with regular box cars, coal cars, oil cars, and refrigerator cars—just like the big cars we see every day—along with this train came several racing automobiles—gayly colored and "high powered"—all ready to run.

Santa writes he will soon arrive to see his little South Bend friends and wants them all to come to Wyman's and see his toys—there are dolls from every country and every nationality—all kinds of animals, that walk and growl—there are steam engines and derricks—and above all the Bing and American model Constructive sets from which so many Mechanical toys can be made.

Again—at Wyman's you'll find Toyland just alive with new Toys and Dolls, and we want every little boy and girl and every father and mother to come and see Toyland.
